

Cordless Freedom Wands

High Performance Portable Vacuum Wands

The Class 1 cleanroom certified FWCR series Freedom Wand is a self contained cordless battery vacuum wand tool that allows freedom from vacuum lines. Models are available for 300mm (FWCR3) and wafer sizes 200mm and smaller (FWCR2).

The addition of a hub needle adapter (AASPFLHNF) converts the FWCR wand for use in die and package handling operations. Hub needles and cups are sold separately. All FWCR Freedom Wands ship complete with a charging base, power adapter and standard vacuum tip. FWCR Freedom Wands are ideal for wafer rescue operations in the cleanroom.

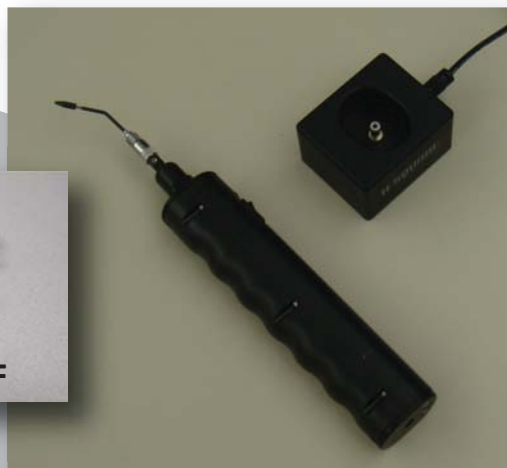

**FWCR2 and FWCR3
in smart charging stand.**

Charger stand system keeps battery fully charged without risk of damage from overcharging.

AASPFLHNF

Die & Package Option

The addition of the AASPFLHNF hub needle adapter converts the FWCR series tool for handling die and packages.
